

VNS MATRIX

All New Gen

Opening: 6-8 pm Friday 10 March 1995
Exhibition Dates: 11 March - 13 April

VNS MATRIX are Josephine Starrs, Francesca da Rimini, Julianne Pierce and Virginia Barratt.

These slimy girls have created the hottest new construct in the matrix to do their dirty work for them - **All New Gen**, anarcho cyberterrorist, agent of the new world disorder. ANG and her band of renegade DNA Sluts, Patina de Panties, Dentata and the Princess of Slime, are the saboteurs of Big Daddy Mainframe. They tangle with a motley crew of techno mutants and data deviants on their quest, the most virulent being Circuit Boy, a dangerous techno bimbo and BDM's sidekick.

All New Gen is an interactive multimedia module, heading for a shining future as a GAMEGIRL, Nintendo style. Stratospheric negotiations with leading games manufacturers have led **VNS MATRIX** to believe that it's time Barbie is zeroed and keyboard cowboys faced with far less splatter and mega slime.
